

2020 Build My Future

HBA of Greater Siouxland

Type of Event: Construction Industry Interactive Showcase

The Build My Future Collaboration is being hosted by Home Builders Association of Greater Siouxland and Sioux City Construction League. Build My Future gives students from grades 9 -12 the opportunity to have a day to work in the Construction Industry through an interactive showcase. Participating schools will send students between the hours of 9:00am to 2:00pm we will provide hands on learning labs by our industry partners. The student activities will include educational displays, equipment operations, scissors lifts, boom trucks, cranes, excavators. Some of the learning labs may include things like learning to sheet rock, building a brick wall, painting, working with construction equipment and much more. This event is being held in April 23, 2020 at Western Iowa Tech Community College 4647 Stone Ave in the Rocklin Center and Parking Lot 2B. We anticipate 500 plus students from area high schools.
